# ROLL

Muebles y Armarios  
Furniture and Wardrobes  
Movéis e armários  
Mobles i armaris

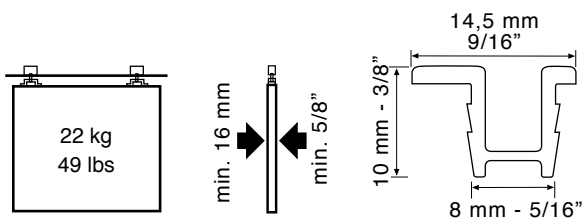

**ROLL**

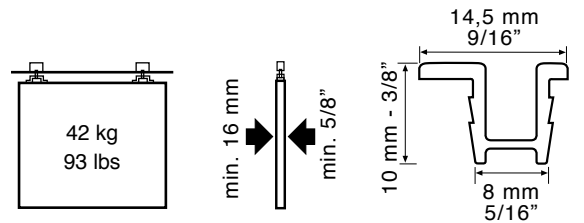

**ROLL 12**

**ROLL 22**

**ROLL 42**

**ESP**

Roll está diseñado para apertura de muebles y armarios mediante varios paneles de madera correderos paralelos consiguiendo varios accesos dentro de la misma aplicación.

- Ideal para armarios, muebles, archivadores...
- Diseño minimalista del mueble con un espacio reducido de 4 mm entre puerta y marco.
- Sistema práctico para funcionamiento operativo diario.
- Configuración con perfil empotrado o sobre puesto.
- Perfil inferior para un deslizamiento óptimo de las puertas.
- Perfil de pvc o de aluminio con varias opciones de colores.
- Sujeción de la puerta por sistema regulable en altura.
- Rodamiento de bolas o de fricción.
- Puerta de hasta 52 Kg.
- Instalación con perfil inferior y superior.

Sistemas testados hasta 100.000 ciclos según la norma EN1527.

**POR**

O Roll foi concebido para abrir móveis e armários através de vários painéis de madeira corredeiros paralelos, conseguindo vários acessos dentro da mesma aplicação.

- Ideal para armários, móveis, arquivadores, etc.
- Design minimalista do móvel com um espaço reduzido de 4 mm entre a porta e a moldura.
- Sistema practico para funcionamento operativo diário.
- Configuração com perfil encastrado ou sobreposto.
- Perfil inferior que oferece um óptimo deslizamento das portas.
- Perfil de PVC ou alumínio com várias opções de cores.
- Fixação da porta através de sistema regulável em altura.
- Deslizamento através de rolamentos de esferas o friccion.
- Porta até 52 Kg.
- Instalação com perfil inferior e superior.

Sistemas testados até 100.000 ciclos conforme a norma EN1527.

**ENG**

Roll has been designed for the openings of furniture and wardrobe doors by several parallel sliding wooden panels to give various access points within the same application.

- Ideal for wardrobes, furniture, filing cabinets, etc.
- Minimalist design with a tiny gap of 4 mm between the door and frame.
- Practical system designed for daily use.
- Configuration with a recessed or overlaid profile.
- Lower profile to optimize the sliding action of the doors.
- PVC or aluminium profile in various colour options.
- Door is fixed using an adjustable height system.
- Ball bearing system or friction system.
- Door up to 52 Kg.
- Installation with an upper and lower profile.

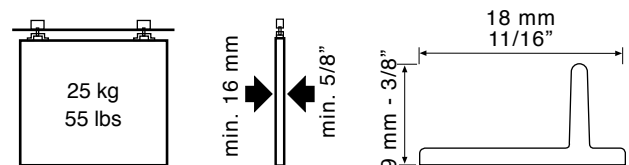

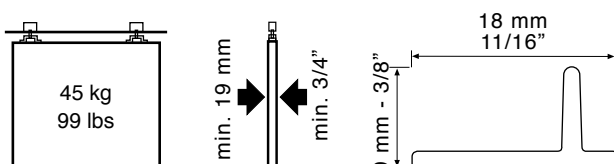

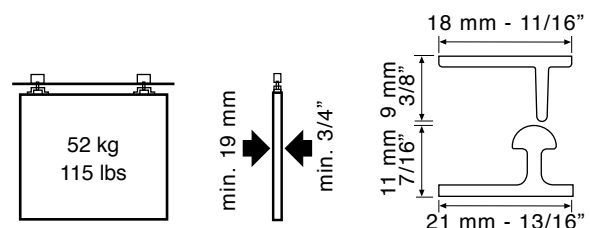

Systems tested up to 100.000 cycles as per standard EN1527.

**CAT**

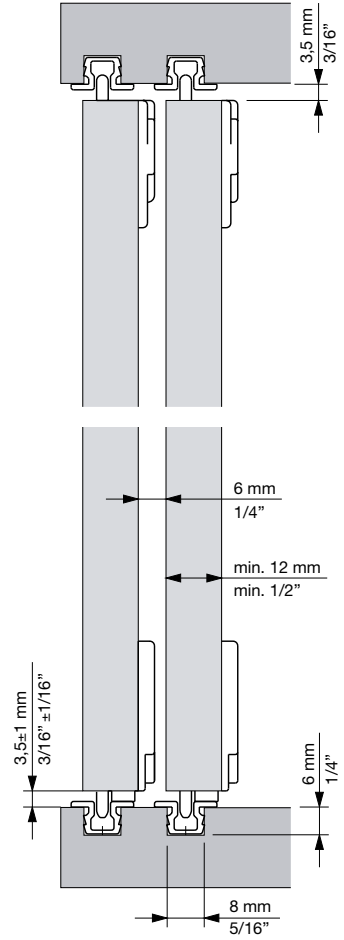

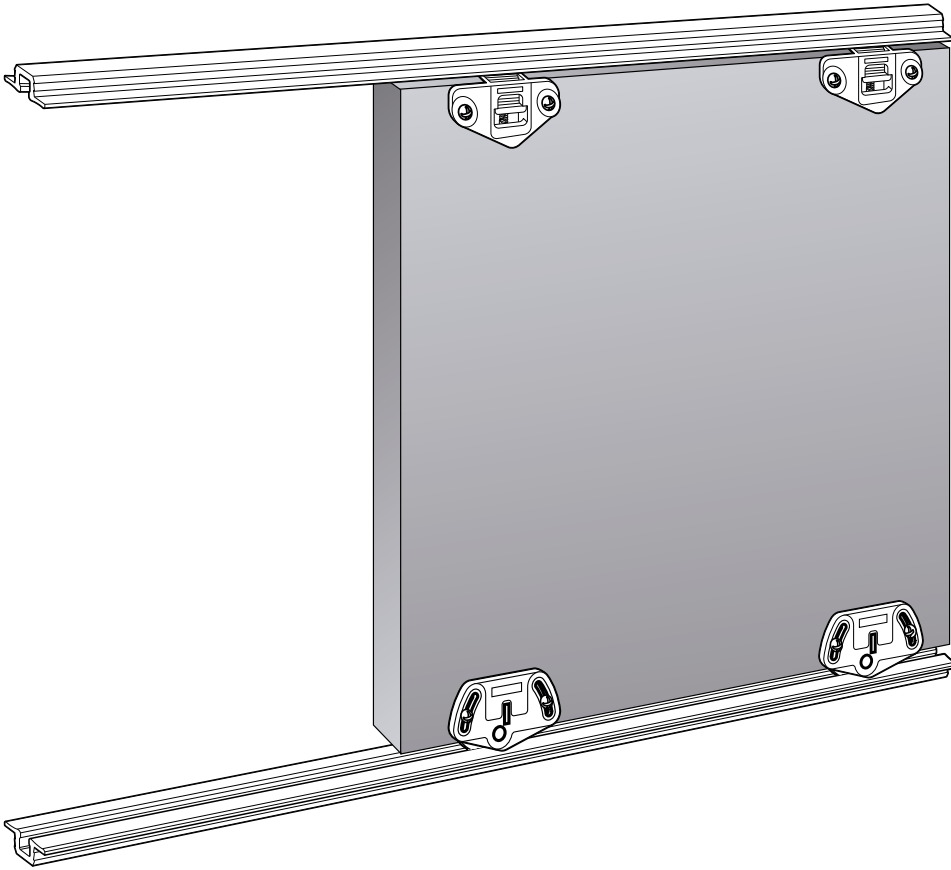

Roll està dissenyat per a l'obertura de mobles i armaris mitjançant diversos panells de fusta corredeiros paral·lels. Permet aconseguir diversos accessos dins d'una mateixa aplicació.

- Ideal per a armaris, mobles, arxivadors...
- Disseny minimalista del moble amb un espai reduït de 4 mm entre porta i marc.
- Sistema pràctic per a un funcionament operatiu diari.
- Configuració amb perfil encastat o sobreposat.
- Perfil inferior per a un lliscament òptim de les portes.
- Perfil de pvc o d'alumini amb diferents opcions de colors.
- Subjecció de la porta per sistema regulable en altura.
- Rodaments de boles o de fricció.
- Porta fins a 52 Kg.
- Instal·lació amb perfil inferior i superior.

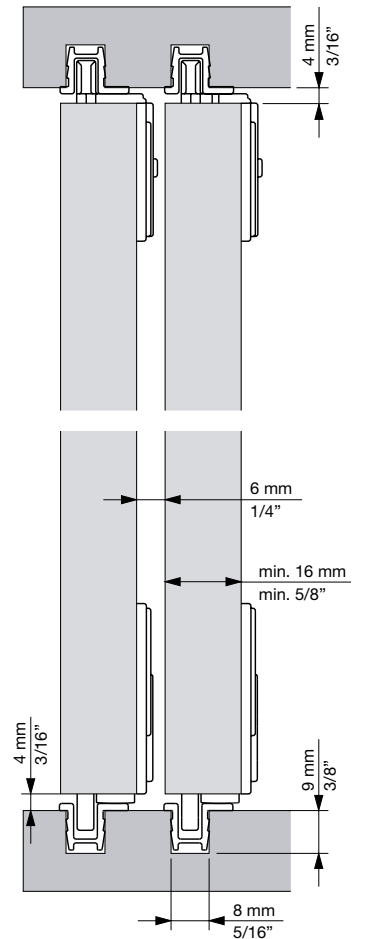

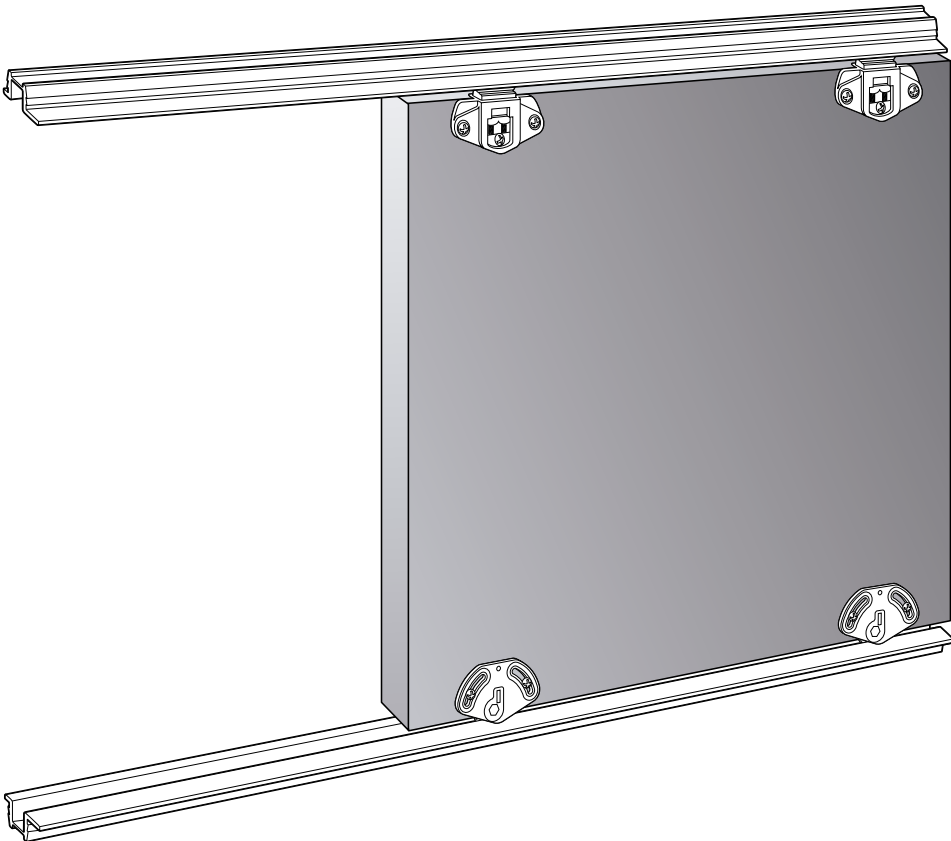

Sistemes testats fins a 100.000 cicles segons la norma EN1527.
